ENGINEERING CAPABILITY

The Company also offers an engineering capability, advanced project management techniques, a skilled work force and high quality fabrication and erection skills.

The Engineering Function comprises:

- The Design Office: For the undertaking of designs of structures from first principals.
- The Drawing Office: For the production of shop drawings.

It provides the resources required to:

- Offer the Client both design and shop drawing facilities.
- Act as an 'in-house' technical support function to both works fabrication and construction.

Its capabilities include:

- Development of basic design data or conceptual designs into drawings from which Production and installation can be carried out.
- Design/detailing to recognized international codes, standards and recommended practices (British Standards, American Standards, DIN Standards, Euro Norm Standards).
 - Computer Aided Design analysis packages.
 - Drafting utilizing 3D and 2D drafting packages.

PROJECT MANAGEMENT

The goal of Wallenford Group and its subsidiary companies is to provide the Client with a product that:

- Meets the required quality standard as laid down in the contract specification.
- Is delivered in accordance with the budget and the program.

To meet these aims, an effective project management structure has been established, headed by the Project Manager, to oversee all aspects of the contract from award to final handover.

The various activities of this team include:

- Taking “possession” of the contract and ensuring that the Contract requirements are clearly understood by all parties.
- Establishing the Quality requirements and, where deemed necessary, producing contract specific Quality documentation in place of the general Quality documents.
- Developing the Contract program making use of up to date computer aided project planning packages (PRIMAVERA) to establish the sequence of work and resources required to successfully complete the work within the constraints of the Contract.
- Controlling and coordinating activities throughout the various phases of the contract to ensure progress is in line with the budget and the program. Establishing clear lines of communication between Wallenford group, the Client and the Client’s representatives, suppliers and subcontractors, to enable any changes, queries or deviations from the specification to be efficiently communicated to relevant parties.

AN ISO 9001 : 2015 CERTIFIED COMPANY

Uam no. KL120001337 | GSTIN: 32GQIP56027M1ZB

QUALITY ASSURANCE

Wallenford Group operates an integrated quality management system in accordance with ISO 9001:2015, which ensures that services and products conform to the Client's specified requirements. USCIL (US certification and inspection limited) has certified wallenford Group's quality management system for compliance with ISO 9001: 2015

Wallenford Group holds other certification and registration from IAF (international Accreditation Forum), UKAAB (UK Accreditation and certification board limited) and registration of MSME govt of India. Other than which Wallenford group and its subsidiary companies names are been trademarked registered.
